

### Acknowledgment of Country

The Centre acknowledges Indigenous Australians as the traditional owners of the country throughout Australia and their continuing connection to land, sea and community. We pay our respects to them and their cultures and to their elders both past and present.

### Acknowledgment of History

This land was never ceded and The Centre acknowledges the cultural disruption and associated trauma that colonisation has caused for its traditional owners.

### Equity and inclusion

The Centre is committed to equality, inclusivity and respect regardless of race, gender or other personal preference. When people from different backgrounds and with different points of view work together, we create better opportunities and achieve better outcomes.
